Tomato Products Wellness Council School Lunch Toolkit

Getting kids to eat vegetables in the school lunch program is challenging. That's why including more delicious tomato products in recipes is a winning strategy. Studies show that:

- Children prefer processed fruits and vegetables, such as tomato paste on pizza, to whole varieties. (Journal of Child Nutrition and Management)
- Pairing entrees with popular vegetables, such as potatoes and tomatoes, resulted in less plate waste. (Food and Nutrition Sciences)

Tomato products are the second most popular vegetable in America, second only to potatoes, accounting for 22% of vegetables grown. (USDA) And now they are part of the Red/Orange Vegetable Category indicated in the National School Lunch Program, which requires children to have .75 cups per week for grades K-5 and 6-8, and 1.25 cups per week for 9-12. That's because more than 650 studies point out health benefits of consuming more tomato products, such as reduced risk of heart disease and certain types of cancer.

It's easy to fit more wholesome tomato products in kids' meals because they are part of their most beloved dishes, such as pizza, spaghetti, lasagna, meatloaf, soup, burritos and tacos. The following tomato products meet the vegetable requirement in the NSLP (USDA Food Buying Guide for Child Nutrition Programs):

- 1 tablespoon tomato paste = 1/4 cup red/orange vegetable
- 2 tablespoons tomato puree = 1/4 cup red/orange vegetable
- 2.2 ounces canned whole or stewed tomatoes = 1/4 cup red/orange vegetable
- 2.2 ounces canned crushed tomatoes = \(\frac{1}{2} \) cup red/orange vegetable
- 2.1 ounces canned diced tomatoes = 1/4 cup red/orange vegetable
- 2.1 ounces canned tomato sauce = ½ cup red/orange egetable
- 2.2 ounces canned meatless spaghetti sauce = ¼ cup red/orange vegetable
- 2.1 ounces canned salsa = 1/4 cup red/orange vegetable
- 2 ounces 100% tomato juice ¼ cup red/orange vegetable

Here are some tips for including more tomato products—and red/orange vegetables—in your school lunch menu:

- Add marinara sauce as a dipping sauce for chicken or pizza.
- Add salsa to a salad, burrito, or taco plate.
- Include pasta sauce with whole grain pasta dishes.
- Serve tomato juice with meals.
- Serve tomato-based soup, chili, or stew.

- Drizzle tomato sauce over meatloaf.
- Include canned tomatoes in smoothies.
- Put curried dishes on the menu, such as chicken or chickpea masala.

For further information on including healthful tomato products in school lunch planning, visit tomatowellness.com.

The Tomato Products Wellness Council School Lunch Toolkit includes the following recipes scaled to 50 and 100 portions, with nutritional analysis, critical control points, and school lunch crediting according to the USDA Food Buying Guide for Child Nutrition Programs.

- Garden Patch Lasagna
- Beef and Bean Burrito Bowl
- South of the Border Pizza
- Penne with Chorizo and Kale
- Red Beans, Spinach and Beef

GARDEN PATCH LASAGNA

Meal Plan Contributions: 2 ounces whole grain, 2 ounces meat alternative, 3/4 cup red/orange vegetable, ½ cup dark green vegetable*

Serving Size: 8 ounce serving

50 Servings

Total yield: 25 pounds

| Ingredient | Instruction | Volume | Weight |
|----------------|-------------|---------------|-------------------|
| Water, boiling | | 4 gallons + 2 | |
| | | quarts | |
| Salt | | 3 tablespoons | |
| Whole wheat | | | 6 pounds 4 ounces |

| lacadna naodlac | | | |

| Dried oregano | | 1 tablespoon + 2 | |
| | | teaspoons | |
| Granulated garlic | | 2 teaspoons | |
| Reduced fat | | 3 quarts + 1 cup | 6 pounds 11 ounces |
| cottage cheese | | | |
| Dried parsley | | 1 tablespoon + 2 | |
| | | teaspoons | |
| Grated parmesan | | 1 ¼ cups | |
| cheese | | | |
| Mozzarella cheese | Shredded | 1 quart + 1 cup | |

100 Servings

Total yield: 50 pounds

| Ingredient | Instruction | Volume | Weight |
|-----------------------|----------------------------|-------------------|--------------------|
| Water, boiling | | 9 gallons | |
| Salt | | 2/3 cup | |
| Whole wheat | | | 12 pounds 8 ounces |
| lasagna noodles, | | | |
| uncooked | | | |
| Vegetable Oil | | 1 cup | |
| Carrots, fresh | Shredded, ready- to-use | 6 quarts + 2 cups | 6 pounds 10 ounces |
| Spinach leaves, fresh | Partly trimmed | 6 quarts + 2 cups | |
| Onions, mature, fresh | 1/4 inch diced | 2 quarts + 2 cup | 3 pounds |

| Canned low- sodium tomato | | 12 quarts + 2 cups | |
|---------------------------------------|----------|--------------------------------|--------------------|
| sauce | | | |
| Canned low- sodium tomato paste | | 2 1/2 cups | |
| Dried oregano | | 3 tablespoons + 1 teaspoons | |
| Granulated garlic | | 1 tablespoon + 1 teaspoon | |
| Reduced fat cottage cheese | | 6 quarts + 2 cups | 13 pounds 4 ounces |
| Dried parsley | | 3 tablespoons + 3 teaspoon | |
| Grated parmesan cheese | | 2 1/2 cups | |
| Mozzarella cheese | Shredded | 2 quarts + 2 cup | |

Method with Critical Control Points (CCP)

Place water and salt in a large stock-pot or steam jacketed kettle and bring to a boil.

Slowly add lasagna noodles and cook for 10-12 minutes until tender. Drain and set aside.

Heat the oil in a tilt skillet or stovetop pan large enough to hold the ingredients. Add onion, shredded carrots and spinach and cook until vegetables are heated through and onion is translucent. Drain off any excess liquid.

In a steam-jacketed kettle or large stock pan, heat the tomato sauce and tomato paste. Add the oregano and granulated garlic. Simmer, uncovered for 20 minutes.

In a large bowl, combine cottage cheese, dried parsley and grated Parmesan cheese. Mix well to combine.

Spread 1/4 (roughly 1 quart + 2 cups for 50 servings) of tomato sauce on the bottom of each steam table pan (12"x20"x 2 ½"). For 50 servings, use 2 pans. For 100 servings, use 4 pans. Layer with a single layer of noodles, ¼ of the vegetable mixture, ¼ of the cheese mixture, and another layer of tomato sauce. Continue to create three additional layers ending with a single layer of noodles and remainder of sauce. Sprinkle mozzarella cheese over each pan of lasagna and cover with foil.

Bake in conventional oven at 375°F for 50 minutes; Convection oven at 350°F for 40 minutes.

Remove from oven and allow to cool for 15 minutes before serving. Slice each pan 5 x 5 (4" by 2 $\frac{1}{2}$ " by 2 $\frac{1}{2}$ "), each pan providing 25 servings.

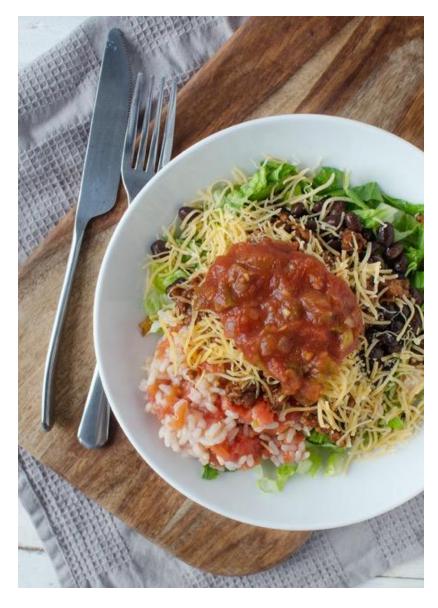

CCP: Hold for hot service at 135°F or higher.

*National School Lunch Program meal contributions calculated based on USDA Food Buying Guide for Child Nutrition Programs.

Method with Critical Control Points (CCPs): For the Chili Beef Filling:

Heat the oil in a tilt skillet or stovetop braising pan large enough to hold all ingredients.

Add beef to the pan and break up the meat as it cooks and browns.

CCP: Heat to 165°F or higher for at least 15 seconds.

Remove the meat and drain off all fat in the skillet.

Add the onions to the skillet and cook until onion is translucent, stirring to keep from sticking and browning.

Return the meat to the pan.

Add the salt, chili powder and tomato sauce and stir well to combine. Bring to a simmer and cook for 5 minutes.

CCP: Hold at hot service for 135°F or higher

For the Spanish Rice:

Bring water to a boil.

Place rice in a steam table pan. Pour boiling water over rice, cover tightly with foil and bake in a 350°F oven for approximately 40 minutes until water is almost absorbed.

Remove rice from oven and remove foil. Stir in the diced canned tomatoes until well combined. Replace foil and place back in the oven and cook for an additional 15 minutes until rice is tender and water is absorbed.

Note: If using cold water instead of boiling water, increase first cooking time by 30 minutes.

CCP: Hold at hot service for 135°F or higher

Prepare the black beans, shredded lettuce and shredded cheddar cheese for service. Black beans can either be served in a cold serving table or hot.

CCP: If beans are to be served for hot service, hold at hot service for 135°F or higher

CCP: Refrigerate until ready to serve. Hold shredded lettuce and shredded cheddar cheese (and black beans if used for cold service) at 40°F or lower

For the Salsa:

Place diced tomatoes (1 qt + 2 cups for 50 servings, 3 qt + 1 cup for 100 servings), onions, tomato paste, water, garlic powder, cumin, salt and sugar in a food processor or blender. Pulse until almost smooth.

In a bowl, mix pureed tomato mixture and remaining diced tomatoes (1 qt + 2 cups for 50 servings, 3 qt + 1 cup for 100 servings) until blended. Refrigerate until ready to serve.

CCP: Hold at 40°F or lower. Portion with 2 ounces ladle (1/4 cup)

To serve Build Your Own Burrito Bowls:

Serve 1 ounce cooked beef and 2 ounces (1/2 cup) cooked rice in bowls.

Place beans, shredded cheese, shredded lettuce and salsa in salad bar or other cold service location.

Allow students to add their own toppings to burrito bowls. Additional toppings may include reduced-fat sour cream, sliced jalapenos and canned corn.

To serve ready prepared Burrito Bowls:

Place 1 ounce cooked beef and 2 ounces (1/2 cup) cooked rice in bowls. Top with 1/8 cup shredded lettuce, ¼ cup shredded cheese, 2 ounces salsa, and 1 ounce (1/4 cup) black beans.

*National School Lunch Program meal contributions calculated based on USDA Food Buying Guide for Child Nutrition Programs.

**If using cooked beef that credits ounce for ounce, use 6 pounds 4 ounces for 100 servings, 3 pounds 2 ounces for 50 servings

***Cooking directions for rice utilize a 2:1 water to rice ratio. Since different rice product require different water ratios, please follow directions on package, if available.

****If using prepared salsa, substitute 3 quarts 2 ounces for 50 servings and 7 quarts for 100 servings

*****An equal volume of fresh, diced tomatoes may be used in place of the canned, diced tomatoes.

NUTRITIONAL ANALYSIS PER SERVING: (1 ounce cooked beef, 2 ounces cooked rice, ¼ cup shredded lettuce, ¼ cup shredded cheese, 2 ounces salsa, and 1 ounce (1/4 cup) black beans) 561 calories, 12.3 g fat, 5.6 g saturated fat, 0 g trans fat, 54 mg cholesterol, 516 mg sodium, 1337 mg potassium, 78.7 g carbohydrates, 11.9 g fiber, 6.4 g sugars, 35.6 g protein (USDA)

Method with Critical Control Points (CCPs)

To prepare the Pizza Crust**:

Place flour, salt, sugar, and dry yeast in large mixer bowl. Mix with a dough hook for 30 seconds on low speed.

Combine warm water and oil. Add liquids to the dry ingredients. Mix on low speed for 5 minutes.

Divide and shape dough. For 10 servings, shape 1 ball, for 50 servings, divide into 2 balls, 2 pounds 6 ounces each and 1 ball, 1 pound 3 ounces. For 100 servings, divide into 5 balls, 2 pounds 6 ounces each. Let sit at room temperature for at least 20 minutes before stretching.

Lightly coat sheet pans (18"x26"x1") and half sheet pan (13"x18"x1") with cooking spray. For 10 servings, use 1 half sheet pan, for 50 servings, use 2 pans and 1 half pan, for 100 servings, use 5 large pans. Sprinkle each pan for 1 ounce (3 tablespoons) cornmeal and set aside.

Place dough ball in center of pan and flatten dough by rolling or spreading with fingers to the rim of pans. Keep edges thicker than center to create a crust when baked.

To prepare the Pizza Toppings:

If using prepared pizza balls or dough, spread them on prepared baking sheets before preparing the toppings.

Heat tomato puree and refried beans in a steam-jacketed kettle or stock pan large enough to hold ingredients. Mix well to combine and season with taco seasoning ($\frac{2}{3}$ cup for 50 servings, 1 $\frac{1}{3}$ cup for 100 servings).

Heat corn, green peppers, diced tomatoes and remaining taco seasoning (3 tablespoons + 1 teaspoon for 50 servings, 6 tablespoons + 2 teaspoons for 100 servings) in a tilt skillet or large stovetop pan. Cook for 10 minutes, stirring occasionally. Drain off any excess liquid.

Assemble the pizza. Spread tomato/bean mixture onto pizza crust (approximately 2 quarts for large pizza pans, 1 quart for half size pan) followed by tomato-corn-pepper mixture (approximately 2 ½ cups for large pizza pans, 1 ¼ cups for have size pan).

Sprinkle on cheddar cheese (1 quart + 2 cups) per large pan and bake until crust is lightly browned: Conventional oven at 475°F for 15-18 minutes. Convection oven at 450°F for 15 minutes.

CCP: Hold at 135°F or higher for hot service.

Top with shredded lettuce and salsa.

Cut each sheet pan 4 X 5 (20 pieces per pan). Cut each half-sheet pan 2 x 5 (10 pieces per pan).

*National School Lunch Program meal contributions calculated based on USDA Food Buying Guide for Child Nutrition Programs.

**May substitute with whole-grain prepared pizza crust or dough. Prepared pizza crust to provide at least 51% whole-wheat flour with remaining grain product to be enriched.

***To use high activity (instant) yeast, follow manufactures instructions

PENNE WITH CHORIZO AND KALE

Meal Plan Contributions: 2 ounces meat/ meat alt., 2 ounces grain, 1/2 cup vegetable (1/4 cup red/orange, 1/4 cup dark green)

Serving Size: 8 ounce spoodle

One 8 ounce spoodle portion weighs 12 ounces

50 Servings

Total yield: 37 pounds 8 ounces

| Ingredient | Instruction | Volume | Weight/Measuremen |
|--------------------|-------------|--------------------|-------------------|
| | | | t |
| Penne pasta, whole | | 8 quarts + 1/3 cup | 6 pounds 4 ounces |
| wheat, uncooked | | | |
| Water * | | 31 ounces | |
| Olive oil | | 2 tablespoons | |

| Onions, diced | | 1 quart + 2 1/4 cups | 1 pounds 12 ounces |
|------------------------------------|-----------------|---------------------------|--------------------|
| Garlic, fresh | Chopped | 2 tablespoons | |
| Chicken stock, low sodium | | 3 quarts | |
| Tomatoes, diced, canned with juice | | 3 quarts + 2 cups | 108 ounces |
| Crushed red pepper | | 2 teaspoons | |
| Chorizo, cooked, crumbled | | | 6 pounds 4 ounces |
| Kale ** | Ribbed, chopped | 30 quarts | 5 pounds |
| Mexican cheese (optional) | Shredded | 3 cups + 2 tablespoons | 10 ounces |
| Cilantro (optional) | Chopped | 1 cup | |

100 Servings

Total yield: 75 pounds

| Ingredient | Instruction | Volume | Weight/Measuremen t |
|------------------------------------|-------------|---------------------|------------------------|
| Penne pasta, whole wheat, uncooked | | 16 quarts + 2/3 cup | 12 pounds ounces |
| Water * | | 62 ounces | |
| Olive oil | | 1⁄4 cup | |
| Onions, diced | | 3 quarts + ½ cup | 3 pounds 8 ounces |
| Garlic, fresh | Chopped | 1⁄4 cup | |
| Chicken stock, low sodium | | 6 quarts | |
| Tomatoes, diced, canned with juice | | 7 quarts | 216 ounces |
| Crushed red pepper | | 4 teaspoons | |

| Chorizo, cooked, crumbled | | | 12 pounds 8 ounces |
|------------------------------|-----------------|-------------------------------|--------------------|
| Kale ** | Ribbed, chopped | 60 quarts | 10 pounds |
| Mexican cheese (optional) | Shredded | 6 1/4 cups + 2 tablespoons | 1 pound 4 ounces |
| Cilantro (optional) | Chopped | 2 cups | |

Method with Critical Control Points (CCP):

For the Pasta:

Cook pasta according to package instructions.

Drain and lay out on sheet pans to cool if not using right away. Pasta may be cooked and cooled a day ahead.

CCP: keep cold food at or below 41°f.

For the Sauce:

In a tilt skillet or stovetop braising pan, heat the oil over medium-high heat. Add the onions and sauté until soft, about 5 minutes.

Stir in the garlic and cook 1 more minute. Add the stock, tomatoes with juice, crushed red pepper, chorizo, and kale.

Cover and reduce the heat to low. Simmer for 15 minutes. Add cooked pasta to the pan and simmer to heat the pasta.

Transfer pasta and sauce to steam table pans, garnish with cheese and cilantro (optional). Hold hot for service.

CCP: hold for hot service at 135°f or higher.

Portioned Re-therm/Reheat Method:

Cook and drain pasta according to package instructions. Let the pasta cool covered so that it does not dry out. You may choose to gently rinse the pasta under cold water so that it does not stick together.

Cook the sauce exactly as above, and cool the sauce in a blast chiller (preferred) or under refrigeration until cold (41°f or below).

Mix the cold sauce into the pasta. If the sauce seems thick, add a few cups of water, as this will help steam the pasta when reheating and keep it from drying out.

Scoop one large 8 ounce spoodle (approximately 12 ounce portion) of pasta and sauce into food trays and seal the trays. Keep cold until service.

Reheat/Re-therm on medium for 30-35 minutes until hot (165°f) and serve immediately.

Hint: re-therms can dry out pasta and rice, so it's a good idea to add water to pasta as instructed above. Alternately, you may put a pan of warm water in the bottom of the retherm to create some steam, which will help keep the pasta and sauce moist and soft.

*our pasta preparation method uses a 5 quarts: 1 pound water: pasta radio.

**kale can also be oven steamed by placing cut kale in 6-inch steam table pans, sprinkling with water, covering, and placing in a 350°f oven for about 30 minutes.

| Beans, canned, kidney, low | | 11 quarts | 18 pounds 14 ounces |

| sodium, drained *** | | |
|-------------------------------------|---------------|--------------------|
| Spinach, baby, raw | 76 quarts | 13 pounds 8 ounces |
| Black pepper, ground | 2 tablespoons | |
| Water **** | 14 quarts | 22 pounds 6 ounces |
| Brown rice, long grain, raw **** | 7 quarts | 11 pounds 2 ounces |

Method with Critical Control Points (CCP)

Heat the oil in a tilt skillet or stovetop braising pan large enough to hold all ingredients. Add beef to the pan and break up the meat as it cooks and browns.

CCP: heat to 165°f or higher for at least 15 seconds. Remove the meat and drain off all the fat in the skillet.

Add the onions to the skillet and cook until translucent, stirring to keep from burning. Return the meat to the pan.

Add the salt and chili powder and stir well to combine.

Add the tomatoes and beans. Bring to a simmer, simmer for 5 minutes. Add the spinach and cook, stirring, until wilted.

Simmer an additional 10 minutes.

CCP: hold for hot service at 135°f or higher.

For the rice:

Bring water to a boil.

Place rice in a steam table pan. Pour boiling water over rice, cover tightly with foil, and bake in a 350°f oven for approximately 50 minutes or until rice is tender and water is absorbed.

Note: if boiling water is unavailable, cold water may be used. Increase the cook time by approximately 30 minutes.

To make rice in a steamer:

Put 5 pounds 9 ounces rice in two 6-inch hotel pans. Cover with 5 quarts water and steam on high, uncovered, for 50 minutes. Let rest 10 minutes, then fluff with a spatula.

CCP: heat to 165°f or higher for at least 15 seconds.

CCP: hold for hot service at 135°f or higher.

Batch cooking in a tilt skillet:

Follow methods above, scaling for your production needs.

Portioned Re-therm/Reheat Method:

Follow methods above, scaling for your production needs, except add the spinach after simmering for 10 minutes and stir to wilt.

Remove the beef and beans from the heat and transfer to 6-inch hotel pans or larger containers to cool for 15 minutes at room temperature. Then cool in a blast chiller (preferred) or under refrigeration until cold (41°f or below).

Cook and cool the rice in a blast chiller (preferred) or under refrigeration until 41°f or below. Fluff the rice once cool.

Note that beef and bean stews, and other stews like them, are very dense and take a long time to cool down. You may need to stir occasionally to cool them per your CCP plan.

Place a 1 cup scoop of rice in the center of the food trays and spread the rice to the sides, leaving a space in the center, and place one heaping 8 ounce spoodle (10 fluid ounces stew) in the center.

Seal the food trays and keep cold until service.

Re-therm or heat trays on medium-high, or 275°f for 35–40 minutes or until hot (165°f), and serve immediately.

- * If using cooked beef that credits ounce for ounce, use 6 pounds 4 ounces for 100 servings, 3 pounds 2 ounces for 50 servings.
- ** If using fresh tomatoes, use 7 pounds 8 ounces for 50 servings, 15 pounds for 100 servings.
- *** If using dry kidney beans, use 2 pounds for 50 servings, 4 pounds for 100 servings.
- **** Our rice preparation method uses a 2:1 water: rice ratio. Since different rice products require different water ratios, please follow directions on the package, if available.
